

INTERMEDIATE IPM - DPR 102 - WILL ALSO BE COVERED

Attention: Groundskeepers, Custodians, Maintenance!

PESTICIDE APPLICATOR SAFETY TRAINING

This workshop is designed for all the workers who are required to attend the annual training sessions for Pesticide Applicator Safety Integrated Pest Management AND Heat Illness Prevention

There are 4 sessions to choose from – **these will be the only Pesticide Applicator Safety Sessions to be offered Summer 2018. (NO MAKE-UP SESSIONS WILL BE SCHEDULED)**. This training is required annually. Please make sure any employees that are due for training attend one of these sessions. **Regulations for recordkeeping, IPM requirements, and training requirements will be covered.**

Supervisors of staff who apply pesticides are also encouraged to attend.

All employees performing maintenance, custodial, and grounds/gardener duties are encouraged to attend these important annually required training sessions.

Here are the topics to be covered

- Pesticide Applicator Safety
Annual Pesticide training is required for any employee that uses herbicides (Round-Up), insecticides (Ant Spray), pool chemicals (Chlorine), or any other material that is used to kill “pests” of any kind.
- Integrated Pest Management – DPR 102 – IPM for Maintenance, Grounds and custodial training will be provided
- Heat Illness Prevention
Annual Heat Illness training is required for any employees who may work outside in temperatures above 85°F.
