**SUBJECT: HEADS UP: Inflatables & Bouncin Bins Vendor - Update**

Over a year ago, you received a Heads Up from me regarding the insurance policy used by the above vendor. In that Heads Up you received a recommendation to utilize only vendors who insure with carriers admitted to the State of California. (By doing this, the district is ensured protection from our State should the carrier default. In addition, our members should never agree to have coverage issues decided exclusively by out of state courts.) At the time, the coverage for Bouncin Bins did not meet the minimum insurance indemnification approved by CRSIG.

Since that time, the insurance program covering Bouncin Bins has changed and the coverage in place now offers acceptable indemnification provisions for your district.

While we are able to approve the insurance protection for Bouncin Bins, you will still need to follow the attached Risk Management Guideline for End of Year Activities.

If you have any questions, please do not hesitate to give me a call.
