KYND is the new cyber liability risk management tool that CRSIG has purchased for its member districts. This webinar will cover:

- Who is KYND
- KYND Service Overview: Cyber Renewal application assistance;
- KYND Ready: SIGNALs Reports and continuous monitoring and alerts

District participation is strongly encouraged to hear about with the Cyber Liability program renewal. KYND will discuss the assistance they can offer during the difficult renewal application process. District IT personnel and/or partners should be invited to attend.
